House Judiciary Committee to Workshop Snyder Proposal to Address Human Trafficking

Tallahassee, Fla. – The House Judiciary Committee will begin workshopping a proposal by Committee Chairman William Snyder (R-Stuart) that addresses human trafficking in Florida. The committee will also receive a presentation from Florida Attorney General Pam Bondi who has been working with Chairman Snyder on recommendations for legislation.

The U.S. Department of Health and Human Services lists human trafficking as the second largest and fastest growing criminal industry in the world. Given Florida's geography, rapidly growing population and high number of visitors every year, human trafficking has increasingly become a problem in many Florida communities.
